BUSINESS MISSION STATEMENT:

Project Vision

HIRED Project's focus is to purchase (through grants, and professional marketing, along with a professional fund raising team, and donations) affordable "Section 8 Housing" for the low income, displaced homeless veterans in U.S.A., and hire a trained staff of professionals, to help us educate and counsel these veterans, who suffer "post-traumatic stress" and to provide them with programs to help them physically, so we can also offer them possible employment within our projects.

HIRED Project mission and long term goals are to achieve the three (3) main pillars of our operations: Housing & Welfare, Education & Training and Social & Environment for our USA homeless veterans, the needy in Michigan, then reaching out to other homeless veterans in other cities, across America, having branches of our organization.

The TEAM

HIRED Project is run by a team of players with extensive experiences, passionate and dedicated to their call of duty to serve and changing lives.
